

 **Communicator Badge** 

This month the Webelos will be learning about some of the different ways we communicate. As a group we will learn about telegraphs, sign language, and signals and invent secret codes. We will also take a field trip to the Flower Mound broadcast station to learn about the variety of occupations involved in running a studio.

Webelos must complete seven of the fourteen listed requirements to earn the Communicator activity badge. If all meetings are attended, they should have completed numbers 1-5 and 7 in their handbooks. Others must be completed at home.
